

2021 Camp Cove Class Description

Stay and Play (age 2)

Let's make our first camp experience the best it can be! Come make new friends as we learn through imaginative play together. Group time, art, stories, music and movement and crafts will keep us busy all day. Children in our Stay and Play class do not have to be toilet-trained.

Stay and Play (age 3)

Let's make our first camp experience the best it can be! Come make new friends as we learn through imaginative play together. Group time, art, stories, music and movement and crafts will keep us busy all day. Children in our Stay and Play class do not have to be toilet-trained.

Mini Monets (age 3 and 4)

Your budding artist will experiment with different styles of arts from fingerpainting, sculpting, making collages and more. At the end of the week, we will exhibit their work with an art show.

Lab Rats (age 3 and 4)

Hands on fun. Science projects will spark learning and discovery in our most junior scientists. Your explorers will have loads of hands-on fun with high touch experiments.

Celebration of Nations (age 3 and 4)

Attention travelers... pack your passport to learn about the world! Whether by airplane, car, train, or boat ride, we will explore different countries and cultures. We will make our own maps, taste international cuisine and create our own adventures - one trip at a time.

Little Snackers (age 3 and 4)

Your little chefs will use all of their senses to create recipe books, design aprons, make their own snacks, and decorate cupcakes (on the last day)! They will also learn about different foods and taste test lots of healthy ingredients.

Little Van Goghs (age 5 and 6)

Your budding artist will experiment with different styles of arts from fingerpainting, sculpting, making collages and more. At the end of the week, we will exhibit their work with an art show.

Mad Science (age 5 and 6)

Who doesn't love being a mad scientist? From making slime to testing out color mixing, our campers will love this high touch experience. Our little scientists will, make predictions and use every day ingredients to create some science fun!

Fairy Tales Alive (age 5 and 6)

Step into the world of make-believe where our favorite books come alive everyday! Campers will create crafts and tell stories using dramatic play, songs and imagination. Join us as we explore fairy tales, old and new, with a variety of hands-on STEM activities to keep your campers curious and challenged happily ever after.

Snack Tales (age 5 and 6)

Your little chefs will use all of their senses to create recipe books, design aprons, make their own snacks, and decorate cupcakes (on the last day)! They will also learn about different foods and taste test lots of healthy ingredients.
